3635 Appian Way
Camarillo, CA 93010

(805) 383-5310

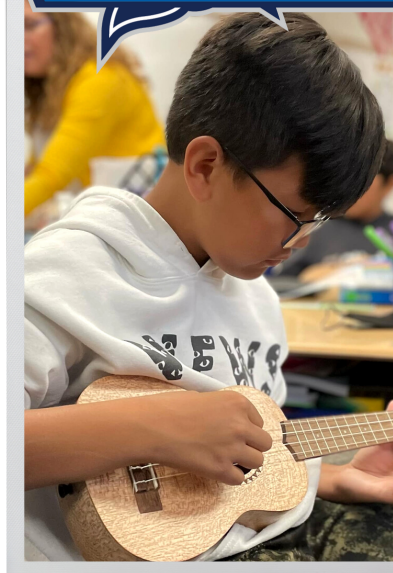

ABOUT DOS CAMINOS

Dos Caminos School provides a dynamic student-centered environment. Starting in 2023-2024, Cohort 1 (Preschool, TK, K) will transition to a Dual Language Immersion model with daily instruction of 50% English, 50% Spanish. Each year, we will add an additional grade level following this cohort. The goal of the DCS Dual Language Immersion program is for students to develop high levels of language proficiency and literacy in English and Spanish languages, demonstrate mastery of California Content Standards, and develop an appreciation and understanding of diverse cultures. Students will have a foundation to earn the California Seal of Biliteracy to accompany their high school diploma.

DCS will maintain the emphasis on Career and College readiness with students being explicitly taught executive functioning skills of organization, goal setting, and self-monitoring steps to success. These are important tools in displaying our DCS Determination.

Building on our storied traditions, the DCS team has worked to create school-wide initiatives that address the whole child and include social emotional learning, inclusion, character building, academic language and development. Our students are artists, athletes, scholars, and environmental stewards. Our PTA has been instrumental in supporting expanded enrichment for students and volunteerism. Families will find partners in our scholarly ambitions and opportunities to assist in these endeavors.
